AEM Sites Optimizer – Opportunities

ASO Opportunity Category	Primary Persona	What ASO surfaces	How ASO helps customers
Technical SEO	SEO Manager	Broken backlinks, meta tag gaps, indexability issues, canonicals, internal linking	Protect rankings, recover lost traffic value, improve crawl efficiency
Engagement & Conversion	Digital Product Owner	RUM-based conversion insights, page-level engagement drop-offs, traffic value projections	Improve conversion rate, prioritize high-impact fixes, tie optimization to revenue
Web Performance (Mobile & Desktop)	Performance Engineer	Core Web Vitals (LCP, CLS, INP), device-level performance gaps, heavy media, render-blocking code	Improve UX, boost rankings, reduce bounce rate, protect conversion performance
Security & Compliance	AEM Platform Owner	Unsafe links, policy violations, structural issues, governance gaps	Reduce risk, enforce standards, prevent production incidents
Accessibility	Accessibility Lead	Missing alt-text, semantic structure issues, accessibility gaps	ADA compliance, inclusive UX, SEO benefits
Preflight Authoring	Content Author	Author-time validation of metadata, alt-text, structural issues, broken links, performance-impacting elements before publish	Catch issues before they hit production, reduce rework, enforce standards at scale

Sites Optimizer unlocks value across a core set of use cases

Page performance

Ensure sites are optimized for page speed, load times, accessibility, and more to improve its overall ranking in search.

Traffic acquisition

Enable customers to acquire additional organic traffic by optimizing the site for technical SEO and paid media.

Content engagement

Create more engaging content and experiences that visitors resonate with, decreasing bounce rates and improving time spent on pages.

Drive conversion

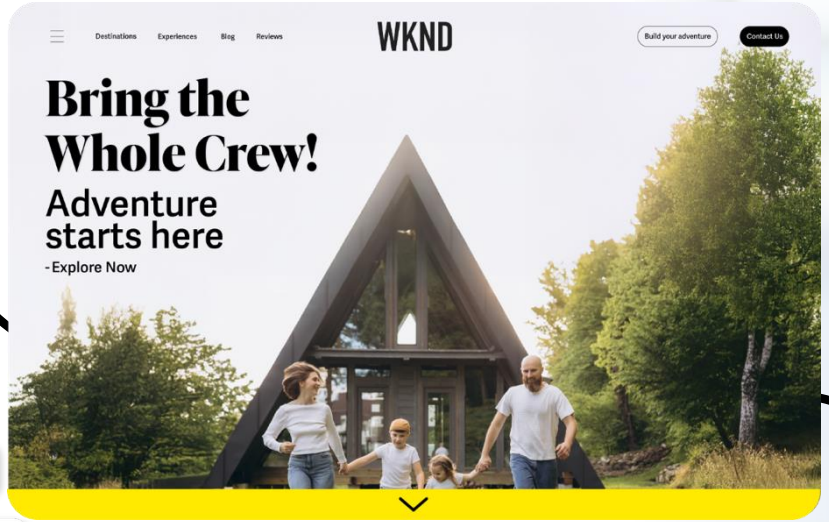

Improve bottom of the funnel conversion by optimizing final call to action events such as transactions and form submissions.

Winning in this world means building for both human and agentic audiences.

Agentic Interactions

Annie_L
Hey! I just saw WKND online — is it a travel company?

Hey there. Yes! WKND offers hiking trips for groups or solo travelers — scenic trails, easy weekends, great company.

Copilot

Google AI

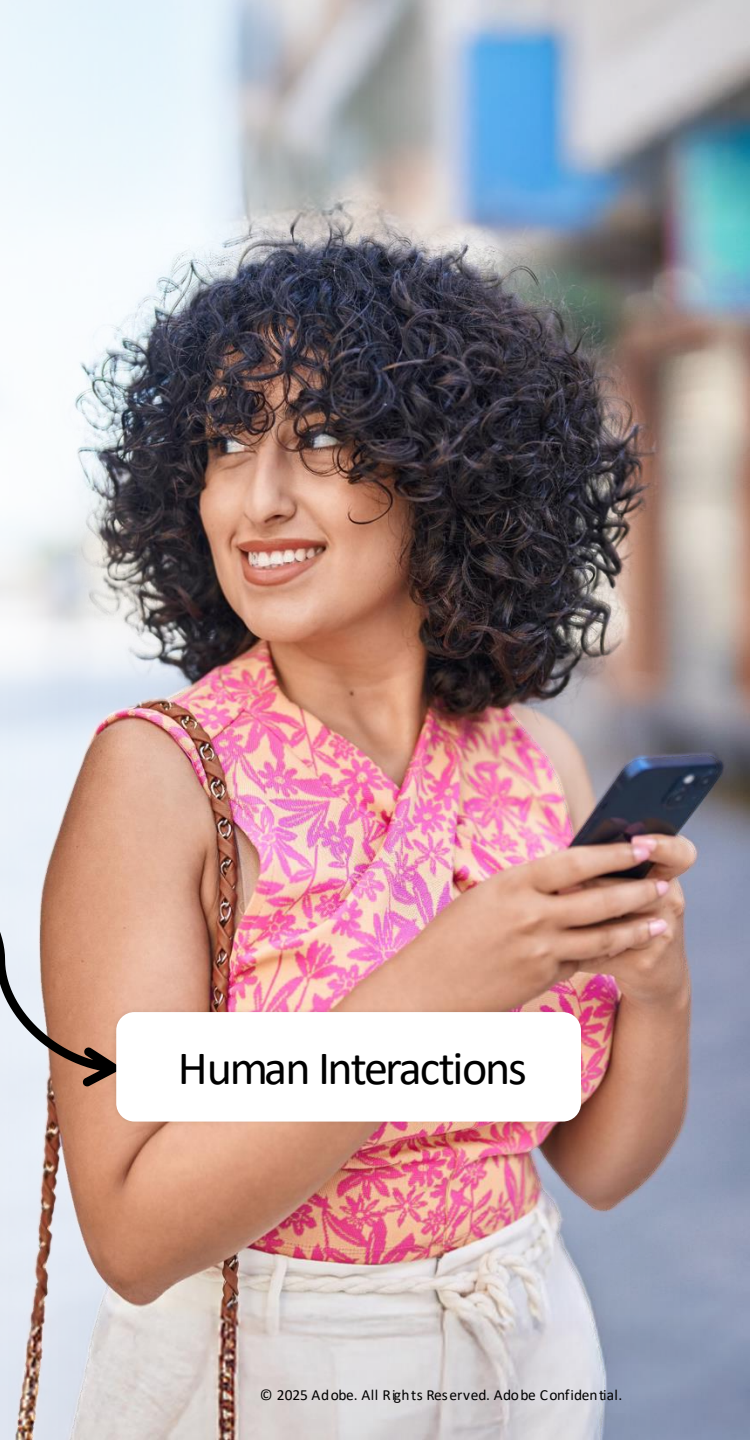

Annie_L
That sounds amazing. Do they do beginner trips too?

Perplexity

ChatGPT

Absolutely! Trail Starter: easy hikes, great guides, no gear needed.

Human Interactions
