

Pricing Proposal: Upshot.ai In-App Engagement Platform

1. License Cost:

S. No	Header	MAU (In App Engagement RFP)
1	Platform License Cost Per Month	INR 45,00,000/-
2	MAU Cost Per Month	INR 0.15(15 paisa) per MAU Up to 3 Million MAU- INR 4,50,000/-
3	Implementation Cost (One-time)	3,00,000/- No Cost (Upshot is already integrated with the CF App)
4	Managed Support Cost	INR 50,000 per month for up to 30 hours
5	Any other Costs (e.g., T&M resource rates)	Any extra development cost will be charged T&M, 2000/Hour
6	Total Cost per Month	INR 50,00,000

The platform usage pricing structure comprises two components, as mentioned below:

1. A fixed platform license fee of INR 45,00,000 per month
2. A variable charge of INR 0.15 per MAU. The variable component is capped at INR 4,50,000 per month for usage up to 3 million MAUs.

Accordingly, the total monthly cost for IndiGo of up to 3 million MAUs amounts to **INR 49,50,000**.

"The license fee includes **unlimited campaigns**, subject to the usage limits outlined below.

Metric	Value
Events Per Month	80 Million
Data Transfer (Media - Images, Videos, etc.) in GB	5000 GB
Data Retention	6months

Note:

- Monthly Active Users in excess of the 3 Million cap will be invoiced at the standard rate of **INR 0.15 per MAU** (calculated in increments of 1 Million users).

2. Feature Exclusions / Not Included in all Licenses

The above-mentioned Licenses support In-App features such as In-App messages, Quiz/Trivia, Poll, Survey, Ratings, Tutorials, Screen Tip, Push notifications, custom actions, mini-games, and analytics, including App analytics & campaign analytics, journeys, funnels, segmentation, and live rules.

The following Upshot.ai platform features/modules are not included within the above-mentioned license cost.

2.1 Rewards / Streaks / Badges Tracked Users

2.2 SMS & WhatsApp Messaging Module

Any future enablement of the above features shall be subject to mutual written agreement and additional commercials mentioned below

Rewards Cost (Per Million users)	INR 10,00,000
Streaks Cost (Per Million users)	INR 10,00,000
Badges Cost (Per Million users)	INR 10,00,000

Note: Any new feature development will add a separate cost to the development efforts and platform cost.

3. Data Retention

User data hosted on the Upshot.ai platform shall be retained for a maximum period of **6 months**. Campaign data shall be retained for **6 months**. We shall conduct a review of user and campaign data every six months to determine whether it should be retained, archived, or purged.

4. Managed Support Cost (Customer Success Operations)

To ensure maximum ROI on the Upshot.ai platform, a dedicated Customer Success Manager (CSM) will be assigned to the IndiGo account. This specialist acts as a strategic extension of your team—leading campaign ideation, end-to-end execution, and delivering data-driven performance insights.

- Monthly Allocation: Includes 30 hours of dedicated strategic support.
- On-Demand Extension: Support requirements exceeding the monthly allocation will be billed at a standard rate of INR 2,000 per hour.

Customer Success Operations (CSO) Activities

5. Terms and Conditions

- The license covers the use of Upshot.ai SDK within the Client's Apps/Websites, but does NOT transfer any rights or ownership to the Client.
- The license covers the current version of Upshot.ai at the time of integration – future upgrades may incur upgrade fees.
- The above pricing does not include applicable taxes, if any.
- If maintained on Upshot.ai databases, all the data will be hosted on AWS instances in India. If Upshot.ai DB is hosted on the client's AWS environment, the client shall be responsible for the maintenance of their AWS infrastructure.
- The license will be **auto-renewed every year**, with a **10% increment**. Clients will be billed every quarter upfront.
- Payment once made is non-refundable, and any cancellation of the Upshot.ai subscription should be communicated via email 90 days before cancellation.
